ABOUT RETAILSOLUTIONS

SAP consulting company with a focus on the Retail & Fashion industry

Founded in Zug in 2005, retailsolutions has grown into an international company with 650 employees across 10 countries. We support retailers in implementing and transforming their SAP landscapes, develop innovative software solutions specifically for retail and ensure reliable operations through our services. We also integrate AI into our solutions and processes to automate workflows, boost efficiency and enable better-informed decisions. As an SAP-certified Sell Partner, we also offer SAP licenses from a single source.

WHY RETAILSOLUTIONS

Four reasons to choose us

Focus on Retail
From master data and store processes to planning.

One-stop shop
Licences, consulting and operations with a single point of contact.

Our own solutions
Where SAP standard ends, we close the gaps.

Retail AI expertise
AI-powered solutions for better data, forecasts and processes.

IMPLEMENT - INNOVATE - RUN

One cycle, three pillars: end-to-end from a single source

01 · IMPLEMENT

Consulting Services

SAP S/4HANA Retail projects from roadmap to go-live, including migration, integration and rollout.

02 · INNOVATE

Our solutions for retail

Our own retail products such as PromoSuite, DataGuard and Store Apps close gaps in standard SAP. We enhance them with AI to deliver smarter features and processes.

03 · RUN

Support Services

Application Management Service for your SAP landscape: stable, secure and continuously evolving.

CUSTOMER TESTIMONIALS

“Thanks to our successful collaboration, we were even able to complete the project ahead of the planned target date.”

Francesco Santoli
Head of ERP Applications, Globus

“This transformation was a key step towards securing our future. We were particularly impressed by the structured yet agile approach with which retailsolutions successfully guided us through our S/4HANA transformation.”

Pierre Das
Head of Competence Center SAP, Coop Pronto AG
